Hi Kevin

Thank you for getting back to me, They are conducting auctions and raffles and fundraising and the head of the organization took off to Oregon last year leaving behind a CA PO Box for donations to be sent to [REDACTED] is a longtime residence of a [REDACTED] who claims no knowledge or involvement.

The phone numbers on these sites below go to addresses that do not belong to Ms. Patrice Williams or the organization.

See: www.thebroadcaster.com & www.hollywoodcharityauction.com

Is this non-profit still able to still take donations from unsuspecting people and companies, conduct auctions and raffles and operate in this manner?

I was able to locate a record in our system for the organization **Minorities in Broadcasting Training Program**. The organization is registered with our office with a Charitable Trust registration number of 091539. The organization is delinquent in filing their required annual reports, our records show they last submitted data for the fiscal year ending 12/31/2001. I do not show that the organization is registered to conduct raffles as required by law.

Our records show an address of [REDACTED] Los Angeles, CA 90067 which is
